APPLICANT: Stephen A. Freudenheim
C/O Kennerty Surveying, Inc.
151 Ashley Hall Plantation Rd.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. The applicant seeks to construct a 5' x 700' walkway leading to a 20' x 20' covered pierhead. Channelward of the pierhead, a ramp will access a 10' x 20' floating dock. Ebbside, a 15' x 30' covered boatlift is proposed. The work as described is for the applicant's private, recreational use. Note: This work was previously authorized under P/N# 98-1E-338-P; this permit is still valid for the Corps of Engineers, however, the State permit has expired.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

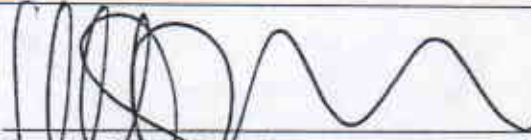

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before October 7, 2006. For further information please contact the project manager for this activity, Amanda Flake at 843-747-4323 ext. 149.
